

## **Fraud & Doorstep Crime Awareness Raising**

**“You can’t hide from the fact that FRAUD (SCAMS) is coming your way. Whether you like it or not it is not going away and the criminals are becoming more sophisticated in their approach targeting businesses across the UK but also shifting their approach to hitting you as an individual.**

**Are you going to be the ‘next victim’? Or, look at what we are offering.”**

**Please, read on:**

**Interested in keeping those you love or work with safe?**

**Are you doing everything you can to achieve this?**

**Do you want to know how Fraudsters target you and your loved ones?**

**Do you really know all there is to know about how Doorstep Criminals work?**

**AND, do you want to learn how to STOP these criminals?**

The session covers all areas of **Fraud** including **Internet/Cyber, Mass Marketing Fraud** (including **Mail and Telephone Fraud**); **Romance and Courier Fraud, Social Media Data Harvesting** and **Doorstep Crime** including **Bogus Officials, Distraction Burglary, Criminal (Rogue) Traders**. And, **A.I.** How criminals are already using advances in technology to target you, your family and your organisation.

Whilst giving examples of these crime areas we will also advise on how you can keep you, your family, friends and neighbours safe with some simple to follow rules.

Operating since 2012 we have been working with Police and Trading Standards officers across the UK to help raise awareness and keep people safe from fraud and doorstep crime criminals.

We have delivered to Health and Social Care workers in private and public sector, Safeguarding Teams within both Police and Council organisations, Community Nurses, Church Groups, WI's, over 55s meetings and County Care Organisations.

“I have been training Health and Social Care sector workers since 2012 and helping them to raise awareness amongst the elderly and vulnerable to Fraud and Doorstep Crime. This training has enabled people to understand the lengths that criminals will go to in order to steal money from their victims with one con or another, but it also gives the simple messages and methods available to prevent these crimes from occurring and how to protect people from becoming victims in the first place.” *Reg Burrell – Director.*

**Feedback following our latest presentation:**

*Good morning Reg*

*It was lovely to meet you on Tuesday & I just wanted pass on my thanks to you from the whole team for your presentation.*

*Several of the staff group approached me afterwards to thank me for arranging the session. It was very engaging & thought provoking & generated conversations in the office both after the meeting & going into Wednesday & Thursday. There was a group discussion about how many of us went home to change passwords & set up family passwords that evening!*

Debbie Clayton-Smyth, Client Affairs Service Manager, Adult Social Care & Safeguarding, Staffordshire County Council.

With unique presentations and clips we can upskill you and your friends to remain safe from criminals who are targeting you and your organisation on all fronts and the best bit, because of current funding, we can deliver this presentation for FREE. Yes, FREE.
